Profile

Electronics and Communication Engineering student with hands-on experience building AI-integrated full-stack applications using MERN Stack, Django, and Flutter. National-level award winner with proven leadership in hackathons and technical events. Seeking a Software Developer role where I can contribute to building scalable, intelligent products.

Education

B.E., Electronics and Communication Engineering Expected 2027

V.S.B Engineering College, Karur

CGPA: 8.17

HSC (Bio-Maths) May 2023

Cheran Matriculation Higher Secondary School

Score: 84%

SSLC May 2021

Cheran Matriculation Higher Secondary School, Karur

Result: All Pass

Skills

• Technical Skills:

- Languages: Java, Python, C, C++
- Frontend: React.js, Flutter, HTML, CSS
- Backend: Django, REST APIs, Node.js
- Database: MongoDB, SQL
- Tools & Platforms: Arduino, ESP8266, MQTT, Git, GitHub
- Areas of Interest: IoT, Generative AI, Full Stack Development

• Soft Skills:

- Leadership experience as Team Lead in projects and hackathons
- Coordinated and managed 10+ technical and non-technical events
- Strong communication, teamwork, people management, and responsibility handling skills

Projects

AI-Powered IoT Solar Monitoring System ([View Project](#))

- Built an AI-powered IoT solar monitoring system that reduced manual tracking effort by 70%, integrating Arduino, ESP8266, and MQTT with real-time cloud dashboards

One-Stop Personalized Career & Education Advisor ([View Project](#))

- Developed an AI-powered career guidance platform for students and parents
- Built responsive web/mobile architecture using React.js, Flutter, Django, and MongoDB
- Built and tested with 20+ student users during college events

AI Smart Travel Logger & Trip Intelligence App ([View Project](#))

- Built AI travel app used by 40+ testers, cutting manual trip logging time by 35% with smart itinerary suggestions

- Developed using MERN Stack and REST APIs
- Added itinerary, expense tracking, and recommendation features

Experience & Training

- Assistant Trainee – Codebind Technologies, Trichy (1 Month)-[Embedded System]
- Infosys Virtual Internship 6.0 (3 Months) [Java Web Development]
- Coral Manufacturing Industry, Erode (2 weeks) — [Observed industrial automation workflows]

Certifications

- Fundamental Java Programming – Infosys Springboard (2024) · Covered OOP, data structures, and exception handling
- Introduction to IoT – Cisco Networking Academy
- Digital Circuits – NPTEL

Accomplishments

- "First Prize – National Level Technical Symposium, in 3 Engineering colleges · Competed against 50+ teams in paper presentation - Nandha Engineering College (2025), P.A College of Engineering & Technology (2025), Kongu Engineering College(2024)
- Mr. Oracle Award – Best Performer (Oracle 2K25), GCT Coimbatore (2025)
- Selected in Top 10 Teams – RBI90 Quiz Competition from 200 teams (2024)
- Participated in CICADA'25 at KPR Institute of Technology(2025)
- Participated in SIH Internal Hackathon (2024 & 2025)

Hobbies

Traveling, Exploring New Cultures, Reading Technology Blogs

Languages

Tamil (Native), English (Upper Intermediate)

Declaration

I hereby declare that the above information is true to the best of my knowledge.
